# Statement of Service 2023-24

An agreement between the Secretary, NSW Health and HealthShare NSW for the period 1 July 2023 - 30 June 2024

health.nsw.gov.au

# NSW Health Statement of Service - 2023-24

### Principal purpose

The principal purpose of the Statement of Service is to set out the service and performance expectations for funding and other support provided to HealthShare NSW (the Organisation), to ensure the provision of equitable, safe, high quality and human-centred healthcare services.

The agreement articulates direction, responsibility and accountability across the NSW Health system for the delivery of NSW Government and NSW Health priorities. Additionally, it specifies the service delivery and performance requirements expected of the Organisation that will be monitored in line with the NSW Health Performance Framework.

Through execution of the statement, the Secretary agrees to provide the funding and other support to the Organisation as outlined in this Statement of Service.

#### Parties to the agreement

The Organisation

Mr John Roach PSM Chair On behalf of the HealthShare NSW Board

Date 8 February 2024 Signed ...

Ms Carmen Rechbauer **Chief Executive** HealthShare NSW

8 February 2024 Date ...... Signed .....

**NSW Health** 

Ms Susan Pearce AM Secretary **NSW Health** 

Date 9/2/24 Signed

# 1. Legislation, governance and performance framework

### 1.1 Legislation

The *Health Services Act 1997* (the Act) provides a legislative framework for the public health system, including the provision of health support services (s.126B).

The Statement of Service recognises the Delegation of Functions to the HealthShare NSW Board signed on 29 November 2012 by the then Director-General of NSW Health in her capacity as the Health Administration Corporation.

### 1.2 Delegation of Functions

A copy of the Delegation of Functions is appended to this Statement of Service in Section 5.

### 1.3 Variation of the agreement

The Statement may be amended at any time by agreement in writing between the Organisation and the NSW Ministry of Health.

The Statement may also be varied by the Secretary or the Minister in the exercise of their general powers under the Act, including determination of the role, functions and activities of support organisations.

Any updates to finance or activity information further to the original contents of the Statement will be provided through separate documents that may be issued by the Ministry of Health in the course of the year.

### 1.4 Conditions of Subsidy

The Organisation is required to comply with the various Conditions of Subsidy set out in *Financial Requirements and Conditions of Subsidy (Government Grants)*.

### 1.5 Governance

The Organisation must ensure that all applicable duties, obligations and accountabilities are understood and complied with, and that services are provided in a manner consistent with all NSW Health policies, procedures, plans, circulars, inter-agency agreements, Ministerial directives and other instruments and statutory obligations.

### 1.5.1 Clinical governance

NSW public health services are accredited against the *National Safety and Quality Health Service Standards*.

The <u>Australian Safety and Quality Framework for Health Care</u> provides a set of guiding principles that can assist health services with their clinical governance obligations.

The NSW Health <u>Patient Safety and Clinical Quality Program</u> (PD2005\_608) provides an important framework for improvements to clinical quality.

### 1.5.2 Corporate governance

The Organisation must ensure services are delivered in a manner consistent with the <u>NSW Health</u> <u>Corporate Governance and Accountability Compendium</u>.

### 1.5.3 Procurement governance

The Organisation must ensure procurement of goods and services complies with <u>NSW Health</u> <u>Procurement</u> policy (PD2022\_02).

### 1.5.4 Aboriginal Procurement Policy

The NSW Government supports employment opportunities for Aboriginal people, and the sustainable growth of Aboriginal businesses by driving demand via government procurement of goods, services and construction. NSW Government agencies must apply the <u>Aboriginal Procurement Policy</u> to all relevant procurement activities.

### 1.5.5 Public health emergency preparedness and response

The Organisation must comply with standards set out in <u>Public Health Emergency Response Preparedness</u> <u>Minimum Standards</u> (PD2019\_007) and adhere to the roles and responsibilities set out in <u>Early Response</u> <u>to High Consequence Infectious Disease</u> (PD2023\_008)

### 1.5.6 Performance Framework

Statements of Service are a central component of the NSW Health Performance Framework which documents how the Ministry of Health monitors and assesses the performance of public sector health services to achieve expected service levels, financial performance, governance and other requirements.

# 2. Strategic priorities

The delivery of NSW Health strategies and priorities is the responsibility of the Ministry of Health, health services and support organisations. These are to be reflected in the strategic, operational and business plans of these entities.

### 2.1 Future Health: Strategic Framework

The *Future Health Strategic Framework* is the roadmap for the health system to achieve NSW Health's vision.

| Strategic outcomes |   | Key | Key objectives  |  |  |  |
|--------------------|---|-----|---|--|--|--|
|                    | Patients and carers have positive                                 | 1.1 | Partner with patients and communities to make decisions about their own   |  |  |  |
| $\sim$             | experiences and outcomes that matter:                             |     | care  |  |  |  |
| $\mathbf{S}$       | People have more control over their own                           | 1.2 | Bring kindness and compassion into the delivery of personalised and   |  |  |  |
| $\bigcap^{\sim}$   | health, enabling them to make decisions                           |     | culturally safe care  |  |  |  |
|                    | about their care that will achieve the                            | 1.3 | Drive greater health literacy and access to information   |  |  |  |
|                    | outcomes that matter most to them.                                | 1.4 | Partner with consumers in co-design and implementation of models of care  |  |  |  |
|                    | Safe care is delivered across all settings:                       | 2.1 | Deliver safe, high quality reliable care for patients in hospital and other   |  |  |  |
|                    | Safe, high quality reliable care is delivered by                  |     | settings  |  |  |  |
| $\sim$             | us and our partners in a sustainable and                          | 2.2 | Deliver more services in the home, community and virtual settings   |  |  |  |
|                    | personalised way, within our hospitals, in                        | 2.3 | Connect with partners to deliver integrated care services   |  |  |  |
|                    | communities, at home and virtually.                               | 2.4 | Strengthen equitable outcomes and access for rural, regional and priority   |  |  |  |
|                    |   |     | populations   |  |  |  |
|                    |   | 2.5 | Align infrastructure and service planning around the future care needs  |  |  |  |
|                    | People are healthy and well:                                      | 3.1 | Prevent, prepare for, respond to and recover from pandemic and other  |  |  |  |
|                    | Investment is made in keeping people healthy                      |     | threats to population health  |  |  |  |
|                    | to prevent ill health and tackle health                           |     | Get the best start in life from conception through to age five  |  |  |  |
| $\sim$             | inequality in our communities.                                    | 3.3 | Make progress towards zero suicides recognising the devastating impact on   |  |  |  |
|                    |   |     | society   |  |  |  |
| \52/               |   | 3.4 | Support healthy ageing ensuring people can live more years in full health   |  |  |  |

|                    | and environmentally sustainable rature.                           |     |   |  |  |  |

The framework is a reflection of the aspirations of the community, our patients, workforce and partners in care for how they envisage our future health system. The Strategic Framework and delivery plans will guide the next decade of care in NSW from 2022-32, while adapting to and addressing the demands and challenges facing our system. There will be specific activities for the Ministry of Health, health services and

support organisations to deliver as we implement the Future Health strategy, and services should align their strategic, operational and business plans with these Future Health directions.

### 2.2 Regional Health Strategic Plan 2022-32

The Regional Health Strategic Plan (the Plan) outlines NSW Health's strategies to ensure people living in regional, rural and remote NSW can access high quality, timely healthcare with excellent patient experiences and optimal health outcomes. The Plan aims to improve health outcomes for regional, rural and remote NSW residents over the next decade of, from 2022 to 2032.

Regional NSW encompasses all regional, rural and remote areas of NSW. There are nine regional local health districts in NSW: Central Coast, Far West, Hunter New England, Illawarra Shoalhaven, Mid North Coast, Murrumbidgee, Northern NSW, Southern NSW and Western NSW. Some areas of other local health districts may also be considered regional for the purpose of the Plan such as South Western Sydney and Nepean Blue Mountains. The Regional Health Strategic Plan is also supported by the metropolitan local health districts and by the Specialty Health Networks which have patients in many regional locations.

The Regional Health Plan Priority Framework outlines a suite of targets for each Strategic Priority, to be achieved in the first time horizon of the Plan (years 1-3).

| PRIORITIES |   | KEY OBJECTIVES  |
|------------|---|---|
|            | <b>1. Strengthen the regional health workforce</b> :<br>Build our regional workforce; provide career<br>pathways for people to train and stay in the<br>regions; attract and retain healthcare staff;<br>address culture and psychological safety,<br>physical safety and racism in the workplace.  | <ol> <li>Invest in and promote rural generalism for allied health professionals, nurses<br/>and doctors</li> <li>Prioritise the attraction and retention of healthcare professionals and non-<br/>clinical staff in regional NSW</li> <li>Tailor and support career pathways for Aboriginal health staff with a focus on<br/>recruitment and retention</li> <li>Expand training and upskilling opportunities, including across borders to<br/>build a pipeline of regionally based workers</li> <li>Accelerate changes to scope of practice whilst maintaining quality and safety,<br/>encouraging innovative workforce models and recognition of staff experience<br/>and skills</li> <li>Nurture culture, psychological and physical safety in all NSW Health<br/>workplaces and build positive work environments that allow staff to thrive</li> </ol>       |
|            | 2. Enable better access to safe, high quality and<br>timely health services: Improve transport and<br>assistance schemes; deliver appropriate services<br>in the community; continue to embed virtual<br>care as an option to complement face-to-face<br>care and to provide multidisciplinary support to<br>clinicians in regional settings. | <ul> <li>2.1 Improve local transport solutions and travel assistance schemes, and address their affordability, to strengthen equitable access to care</li> <li>2.2 Deliver appropriate services in the community that provide more sustainable solutions for access to healthcare closer to home</li> <li>2.3 Leverage virtual care to improve access, whilst ensuring cultural and digital barriers are addressed</li> <li>2.4 Enable seamless cross-border care and streamline pathways to specialist care ensuring access to the best patient care regardless of postcode</li> <li>2.5 Drive and support improved clinical care, safety and quality outcomes for patients in hospitals and other settings</li> <li>2.6 Align infrastructure and sustainable service planning around the needs of staff and communities and to enable virtual care</li> </ul> |
| Ð          | 3. Keep people healthy and well through<br>prevention, early intervention and education:<br>Prevent some of the most significant causes of<br>poor health by working across government,<br>community, and other organisations to tackle<br>the social determinants of health; prepare and<br>respond to threats to population health.         | <ul> <li>3.1 Address the social determinants of health in our communities by partnering across government, business and community</li> <li>3.2 Invest in mental health and make progress towards zero suicides</li> <li>3.3 Invest in maternity care and early childhood intervention and healthcare to give children the best start in life</li> <li>3.4 Invest in wellness, prevention and early detection</li> <li>3.5 Prevent, prepare for, respond to, and recover from pandemics and other threats to population health</li> </ul>  |
|            | 4. Keep communities informed, build<br>engagement, seek feedback: Provide more<br>information to communities about what health<br>services are available and how to access them;<br>empower the community to be involved in how<br>health services are planned and delivered;<br>increase responsiveness to patient experiences.              | <ul> <li>4.1 Encourage choice and control over health outcomes by investing in health literacy, awareness of services and access to information</li> <li>4.2 Engage communities through genuine consultation and shared decision-making in design of services and sustainable local health service development</li> <li>4.3 Support culturally appropriate care and cultural safety for zero tolerance for racism and discrimination in health settings</li> <li>4.4 Capture patient experience and feedback and use these insights to improve access, safety and quality of care</li> <li>4.5 Improve transparency of NSW Health decision-making and how it is perceived and understood by patients and the community</li> </ul>   |

| PRIORITIES |  | KEY OBJECTIVES   |  |  |  |
|------------|--|--|--|--|--|
|            | 5. Expand integration of primary, community<br>and hospital care: Roll out effective, sustainable<br>integrated models of care through collaboration<br>between Commonwealth and NSW Government<br>and non-Government organisations to drive<br>improved access, outcomes and experiences. | <ul> <li>5.1 Develop detailed designs for expanded primary care models and trial their implementation in regional NSW through working with the Commonwealth and National Cabinet, Primary Health Networks, Aboriginal Community Controlled Health Organisations, NGOs and other partners</li> <li>5.2 Address the employer model to support trainees and staff to work seamlessly across primary care, public, private settings and Aboriginal Community Controlled Health Organisations to deliver care to regional communities</li> <li>5.3 Improve access and equity of services for Aboriginal people and communities to support decision making at each stage of their health journey</li> <li>5.4 Develop 'place-based' health needs assessments and plans by working closely with Primary Health Networks, Aboriginal Community controlled Health Organisations and other local organisations including youth organisations and use these to resource services to address priority needs</li> </ul> |  |  |  |
|            | 6. Harness and evaluate innovation to support a sustainable health system: Continue to transform health services through aligned funding and resourcing models, digital and health technologies, research and environmental solutions.   | <ul> <li>6.1 Align NSW and Commonwealth funding and resourcing models to provide the financial resources to deliver optimal regional health services and health outcomes</li> <li>6.2 Fund and implement digital health investments and increase capability of workforce to deliver connected patient records, enable virtual care, provide insightful health data and streamline processes</li> <li>6.3 Undertake research and evaluation with institutions, industry partners, NGOs, consumers and carers</li> <li>6.4 Commit to environmental sustainability footprint for future regional healthcare</li> </ul>  |  |  |  |

### 2.3 NSW Government Priorities

There are several government priorities that NSW Health is responsible for delivering. These government priorities are usually reported to the Premier's Department or The Cabinet Office through NSW Health Executive. Progress on government priorities allocated to Health is monitored by the Ministry of Health including:

- Election Commitments
- Charter Letter commitments
- Inquiry recommendations

### 2.4 NSW Health Outcome and Business Plan

The NSW Health Outcome and Business Plan is an agreement between the Minister for Health, the Secretary, NSW Health and the NSW Government setting out the outcomes and objectives that will be the focus for the current period. In 2022 NSW Health's Outcome Structure was realigned to the Future Health strategic framework. The revised state outcomes are:

- People are healthy and well
- Safe care is delivered within our community
- Safe emergency care is delivered
- Safe care is delivered within our hospitals
- Our staff are engaged and well supported
- Research and innovation and digital advances inform service delivery
- To achieve these outcomes, NSW Health has set a series of ambitious targets and has a comprehensive program of change initiatives in place. These targets have been built into key performance indicators in the Statement of Service, the NSW Health Performance Framework, the NSW Health Purchasing Framework and the funding model.

# 3. Budget

### 3.1 Budget Schedule: Part 1

|   | HealthShare NSW                                       | 2023-2024<br>Initial Budget<br>(\$'000) |
|---|---|---|
| Α | Expenditure Budget by Account Group (General Fund)    |   |
|   | Employee Related                                      | \$571,872                               |
|   | Goods & Services                                      | \$623,954                               |
|   | Repairs, Maintenance & Renewals                       | \$6,763                                 |
|   | Grants & Subsidies                                    | \$70                                    |
|   | Finance Costs   | \$58                                    |
|   | Depreciation and Amortisation                         | \$29,441                                |
|   | Sub-total   | \$1,232,157                             |
| В | Other items not included above                        |   |
|   | Additional Escalation to be allocated                 | \$43,338                                |
|   | Better salary packaging for healthcare workers        | \$2,594                                 |
|   | Allocated Savings Programs                            | -\$12,135                               |
|   | TMF Adjustment - Workers Compensation                 | \$1,228                                 |

#### Notes:

Expenditure should not exceed to the approved limit without prior authorisation by Ministry of Health.

# 4. Performance against strategies and objectives

### 4.1 Key performance indicators

The performance of the Organisation is assessed in terms of whether it is meeting key performance indicator targets for NSW Health strategic priorities.

Detailed specifications for the generic key performance indicators are provided in the Service Agreement Data Supplement. See:

http://internal4.health.nsw.gov.au/hird/view\_data\_resource\_description.cfm?ItemID=48373

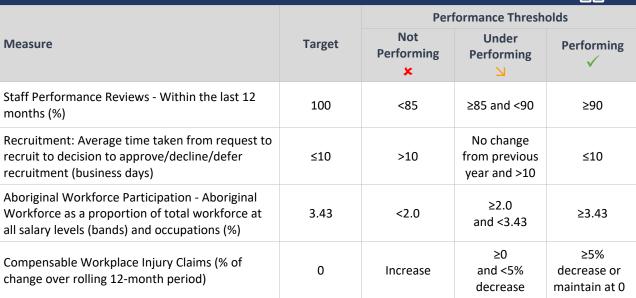

| 1 Patients and carers have positive experiences and outcomes that matter   |        |                        |                          |                 |  |  |  |  |

### 4.2 Future Health actions and performance deliverables

Future Health actions and performance deliverables will be monitored, noting that indicators and milestones are held in the detailed program operational plans.

### 4.2.1 Future Health actions

| Action code  | Achievement statement  | Actions  | Due by                                  |
|--------------|--|--|---|
| 1 Patients a | nd carers have positive experiences an   | d outcomes that matter   | $\overset{\bigcirc}{\frown} \checkmark$ |
| 1.1.1.2.12   | Respecting different beliefs: Patient, carer,<br>and family preferences and needs are<br>heard, respected and responded to,<br>including cultural and religious needs and<br>other preferences such as alternate<br>treatments and care.                             | Provide and respect patients choice in<br>the food and beverages they consume<br>and when they consume them, to<br>improve Patient Experience where<br>Food Services Transformation occurs | 30 June 2024                            |
| 1.1.1.3.21   | Self-reported outcomes and experience:<br>Patients, carers, and the community have<br>formal opportunities to describe the<br>outcomes and experiences that matter to<br>them and this information is used to<br>inform decisions about their care and<br>treatment. | Provide patients in PTS vehicles<br>multiple avenues to provide feedback<br>in real time to have a direct impact on<br>improving service delivery and Patient<br>Experience.               | 30 June 2024                            |
| 1.2.1.2.6    | Value and act upon feedback: Every<br>person providing feedback to the NSW<br>Health system will be acknowledged in a<br>kind and compassionate way which<br>includes a timely response that is<br>transparent and clearly explains actions<br>taken.                | Implement the principles and learnings<br>for food service delivery at agreed key<br>sites aligned to patient cohorts, which<br>improves Patient Experience.                               | 30 June 2024                            |

| Action code    | Achievement statement   | Actions   | Due by       |
|----------------|---|---|--------------|
| 2 Safe care is | s delivered across all settings   |   |              |
| 2.1.1.1.10     | Holistic metrics: timely and equitable<br>access is consistently measured across<br>acute, chronic, primary, and preventative<br>services and inter-relationships can be<br>analysed. | Develop and implement real time<br>dashboards for the Patient Transport<br>Service (PTS) that are accessible to<br>NSW Health services and address<br>operational issues in real time to<br>improve system flow | 30 June 2024 |
| 2.1.1.2.12     | Access beyond acute and community:<br>Timely access outcomes includes access to<br>other services such as pharmacy and allied<br>health.  | Establish online portal (Enable Online)<br>to provide improved visibility for NSW<br>Health prescribers to obtain<br>community equipment through Enable<br>NSW, improving patient flow and<br>discharge         | 30 June 2024 |

| Action code    | Achievement statement  | Actions  | Due by       |
|----------------|--|--|--------------|
| 2 Safe care is | delivered across all settings  |  |              |
| 2.5.1.2.15     | Collaborative planning processes: Service<br>planning leverages expertise from across<br>NSW Health to inform early planning of<br>infrastructure projects, including<br>embedding digital/virtual health<br>strategies. | Establish the operating model,<br>resources and prioritised work program<br>for a centralised Capital Assets and<br>Service Planning (CASP) team | 30 June 2024 |

| Action code   | Achievement statement  | Actions  | Due by       |
|---|--|--|--------------|
| 5 Research and innovation, and digital advances inform service delivery |  |  | - Č          |
| 5.2.2.3.10  | Building cross-sector collaboration: There<br>is cross sector collaboration and data<br>sharing capability to support patient<br>journeys and inform policy beyond just<br>health eg integrating NSW Health and<br>Transport NSW data, HealthDirect<br>Australia | Utilising Whole of Government<br>contract data to inform and drive<br>cluster-wide contract management and<br>adherence to compliance targets. For<br>example, through the National Waste<br>Action Plan Alignment initiative (which<br>draws on waste and sustainability<br>monitoring), Travel, and Fleet contract<br>management | 30 June 2024 |
| 5.2.2.3.11  | Building cross-sector collaboration: There<br>is cross sector collaboration and data<br>sharing capability to support patient<br>journeys and inform policy beyond just<br>health eg integrating NSW Health and<br>Transport NSW data, HealthDirect<br>Australia | Making the key systems data (for<br>example ServiceNow, AWS Connect)<br>available in real-time to business units<br>following approval for enhanced<br>HSNSW reporting and analytics<br>capability   | 30 June 2024 |
| 5.2.2.3.7   | Building cross-sector collaboration: There<br>is cross sector collaboration and data<br>sharing capability to support patient<br>journeys and inform policy beyond just<br>health eg integrating NSW Health and<br>Transport NSW data, HealthDirect<br>Australia | Expand the use of real time data to<br>enhance operational practice through<br>the development of real time<br>dashboards, to provide visibility on<br>key insights to PTS operational<br>management, LHDs and MoH*  | 30 June 2024 |
| 5.4.2.3.4   | Modernising systems: NSW Health<br>modernised legacy systems including<br>archiving content of legacy systems being<br>decommissioned and reinvesting<br>resources into modern solutions   | Complete the discovery and transition<br>of selected high volume and/or low<br>complexity NSW Health accounts into<br>the Auto-Reconciliation Tool   | 30 June 2024 |

| Action code   | Achievement statement  | Actions   | Due by       |  |
|---|--|---|--------------|--|
| 5 Research and innovation, and digital advances inform service delivery |  |   |              |  |
| 5.4.2.3.5   | Modernising systems: NSW Health<br>modernised legacy systems including<br>archiving content of legacy systems being<br>decommissioned and reinvesting<br>resources into modern solutions | Continue the consolidation of contact<br>centres within HealthShare, to<br>realise efficiencies and have<br>standardised training, governance,<br>quality assurance and reporting, by<br>integrating all applicable call centres<br>operations into the existing Customer<br>Service Desk | 30 June 2024 |  |
| 5.4.2.3.6   | Modernising systems: NSW Health<br>modernised legacy systems including<br>archiving content of legacy systems being<br>decommissioned and reinvesting<br>resources into modern solutions | Evaluate the available options to<br>modernise the existing food<br>management system into a single,<br>contemporary platform that supports<br>both patient safety and the continued<br>reform of food services for NSW Health  | 30 June 2024 |  |

## 5. Supplementary Document - Delegation of Functions

#### DELEGATION OF FUNCTIONS

#### HealthShare NSW Board

#### Section 126B Health Services Act 1997

#### Recitals

- A. Pursuant to section 8A of the Health Administration Act 1982 the Director General determined on 29 March 2006 (reconfirmed on 31 December 2010) that the Health Administration Corporation may exercise the Director-General's powers authorities, duties and functions to provide services under section 126B of the Health Services Act 1997;
- B. HealthShare NSW is an administrative unit of the Public Health System Support Division of the Health Administration Corporation, originally established on and from 24 April 2007 (renamed as HealthShare NSW on 1 August 2012) and vested with certain of the Director-General's service provider functions under section 126B of the Health Services Act 1997;
- C. The Director-General established the HealthShare NSW Board as an appointed body under section 126C of that Act by instrument dated 29 June 2012.

#### Functions of HealthShare NSW Board

Pursuant to section 126B(4) of the Health Services Act 1997 I, Mary Foley, Director-General, NSW Ministry of Health hereby delegate to the HealthShare Board the following functions in respect of the governance and oversight of HealthShare NSW:

- to ensure effective and comprehensive corporate governance frameworks are established to support the maintenance and improvement of standards of services provided by Health Share NSW and to approve those frameworks;
- (ii) to approve systems to support the efficient and economic operation of Health Share NSW;
- (iii) to provide strategic oversight of and monitor HealthShare NSW's financial and operational performance in accordance with the objectives and measures set by the Director General from time to time;
- (iv) to liaise with the Chief Executives of local health districts and specialty network governed health corporations in relation to the quality and price of the services provided by HealthShare NSW;
- (v) advise on strategies and business improvements that will support improved efficiency and customer service by HealthShare NSW, within the overall strategic framework and requirements set by Government;
- (vi) ensure that robust financial and other internal reporting mechanisms are in place which provide adequate, accurate and timely information about HealthShare NSW to the Board and the NSW Ministry of Health;
- (vii) provide such advice to the Director-General on the provision of shared services within NSW Health as requested from time to time.

Signed this 29th day of November 2012

Dr Mary Foley

Director-General NSW Ministry of Health In her capacity as the Health Administration Corporation
